Community transmission (2%)

NUMBERS AT A GLANCE as of April 8, 2020

CARPHA is working with technical experts across the Region to provide up-to-date guidance and technical support at primary and secondary care levels, as a matter of urgency. The General Framework for the Control of COVID-19 Outbreaks in the Region was established on March 9th, 2020. It contains important information for public health managers and practitioners, including the identification and isolation of COVID-19 suspect and confirmed cases, as well as general preventive measures.
